SOME DO; SOME DON'T

Many Women Desire Equal Suffrage Amendment, While Many Others Oppose It.

As election day draws near, the women of the Oregon Equal Suffrage Association are bending every energy in their efforts to convince the male population that the right of suffrage should be extended to members of the fair sex. Opposing them is a strong organization of women known as the Society Opposed to Equal Suffrage. This latter organization is sending out circulars to voters and doing everything in its power to defeat the proposed amendment to the constitution. The latest circular reads as follows:

A PROTEST.

We, American women, citizens of the State of Oregon, protest against the proposal to impose the obligation of suffrage upon the women of this State, for the following, among other reasons.

1. Because suffrage is to be regarded not as a privilege to be enjoyed, but as a duty to be performed.
2. Because hitherto the women of this State have enjoyed exemption from this burdensome duty, and no adequate reason has been assigned for depriving them of that immunity.
3. Because conferring suffrage upon the women who claim it, would impose suffrage upon the many women who neither desire it as a privilege nor regard it their duty to seek it.
4. Because the need of America is not an increased quantity, but an improved quality, of the vote, and there is no adequate reason to believe that woman's suffrage by doubling the vote will improve its quality.
5. Because the household, not the individual, is the unit of the State, and the vast majority of women are represented by household suffrage.
6. Because the women not so represented suffer no practical injustice which giving the suffrage will remedy.
7. Because equality in character does not imply similarity in function, and the duties and life of men and women are divinely ordered to be different in the State, as in the home.
8. Because the energies of women are engrossed by their present duties and interests, from which men cannot relieve them, and it is better for the community that they devote their energies to the more efficient performance of their present work than divert them to new fields of activity.
9. Because political equality will deprive women of special privileges hitherto accorded her by the law.
10. Because suffrage logically involves the holding of public office, including jury duty, and office-holding is inconsistent with the duties of most women.

Keep the Balance Up.

It has been truthfully said that any disturbance of the even balance of health causes serious trouble. Nobody can be too careful to keep this balance up. When people begin to lose appetite, or to get tired easily, the least imprudence brings on sickness, weakness, or debility. The system needs a tonic, craves it, and should not be denied it; and the best tonic of which we have any knowledge is Hood's Sarsaparilla. What this medicine has done in keeping healthy people healthy, in keeping up the even balance of health, gives it the same distinction as a preventative that it enjoys as a cure. Its early use has illustrated the wisdom of the old saying that a stitch in time saves nine. Take Hood's for appetite, strength, and endurance.

The bottom has dropped out of the chitin bark market. Peelers have received no offers better than three cents this season, and there is a prospect that the price will go still lower.

Have you pains in the back, inflammation of any kind, rheumatism, fainting spells, indigestion or constipation, Hollister's Rocky Mountain Tea makes you well, keeps you well. 35 cents. Belt & Cherrington.

Mr. Sears, lately liveryman of this place is reported to have formed a co-partnership with George Schneller, of Dallas, in the same line of business, and will remove his wife and family to his new home in Polk county in a few days.—Sherwood cor. in Hillsboro Independent.

It pours the oil of life into your system. It warms you up and starts the life blood circulating. That's what Hollister's Rocky Mountain Tea does. 35 cents. Tea or Tablets. Belt & Cherrington.

PLAN FOR APPLE SHOW

Polk County Fruitgrowers May Decide to Make Fruit Exhibit Next Fall.

As a result of the recent fruit-growers' meetings, much interest has been awakened in the fruit industry among the farmers of Polk county. A permanent horticultural Society, composed of progressive and wide-awake growers, has been organized, and much needed work is being done to place the fruit-growing industry on a more profitable and business-like basis. Sentiment is now strong among the farmers in favor of holding an apple show in Dallas early next autumn, and a meeting of the growers has been called by President H. S. Butz to consider the advisability of making such an exhibit. The meeting will be held in the Courthouse in Dallas on Saturday, May 19, at 2 o'clock p. m. and a large attendance is expected.

Leading orchardists are of the opinion that an apple show would prove a valuable means of arousing interest among the farmers in putting their old orchards in better shape and in engaging in apple growing on a more extensive scale. Former exhibits held in various parts of the state have demonstrated the fact that the Willamette Valley is capable of producing as good apples as can be grown in the Northwest, and that, with careful cultivation, frequent spraying, and progressive management, the apple crop could be made to yield large profits to the farmers each year. It is believed that an exhibit of choice fruit by the farmers who are taking care of their orchards would stimulate the people generally to join in an enthusiastic and concerted movement to restore to the Willamette Valley its once proud title, "The Home of the Big Red Apple."

The meeting of the growers one week from tomorrow is also called for the purpose of determining what action shall be taken by the society in aiding the County Fruit Inspector in enforcing the law against farmers who have neglected or refused to spray and clean their orchards when notified to do so. Other matters of interest will come up for discussion, and a lively and profitable meeting is anticipated.

Good Crushed Rock Road.

In the Sweet Home country last year, a road that had for years been the terror of travelers and the despair of the local road supervisors was drained and put in as good condition as possible, and with the aid of the rock crusher, rock was broken and placed on the road according to the best advice obtainable. This road is in excellent condition, as good as a paved street, and the past winter, during the season that the ordinary country road in this section is bottomless, it was high and dry and probably the best piece of highway in the county.—Albany Herald.

Have you weakness of any kind—stomach, back, or any organs of the body? Don't dope yourself with ordinary medicine. Hollister's Rocky Mountain Tea is the supreme curative power. 35 cents. Tea or Tablets. Belt & Cherrington.

The Mutual telephone system has been extended to Newport and other Yaquina Bay points, connection having been made at Corvallis, Tuesday. The line to the Bay will be a great convenience to the people of the valley towns during the summer season.

Mrs. H. V. Gates is in the Northwest sanitarium in Portland, recovering from a surgical operation performed last Friday. Mr. Gates states that she is getting along fine and expects to be able to return to her home here by the middle of the month.—Hillsboro Independent.

FOR BOTH

One disease of thinness in children is scrofula; in adults, consumption. Both have poor blood; both need more fat. These diseases thrive on leanness. Fat is the best means of overcoming them; cod liver oil makes the best and healthiest fat and

SCOTT'S EMULSION

is the easiest and most effective form of cod liver oil. Here's a natural order of things that shows why Scott's Emulsion is of so much value in all cases of scrofula and consumption. More fat, more weight, more nourishment, that's why.

DALLAS DEFEATS INDIANS

College Baseball Team Wins From Husky Chemawa Lads in Exciting Game.

The baseball fan who didn't enjoy to the limit the game between the Dallas College team and the Chemawa Indian boys, last Saturday afternoon, would be hard to please. The contest from start to finish was notable for the features that make baseball the greatest of American games, and there was plenty of amusement and excitement for the most exacting lover of the sport.

While the pitchers for both teams did good work, the game was not a pitchers' battle by any means, and there was plenty of hits and good base-running, features that are always enjoyed by the spectators. Several costly errors were made by each team, but these were more than compensated for by some exceptionally brilliant work on the part of individual players.

The game started out badly for Dallas, and for the first two innings it looked as if the college boys would stand no chance against the visiting team, but in the third inning the collegians recovered from their streak of ill luck and fell upon the hapless Indian pitcher with might and main, batting out seven runs and, incidentally, putting the game out of danger of loss. The final score was 14 to 9 in favor of Dallas.

Myer was in good form and held the Indians down to 9 safe hits. Ned Shaw, a new man behind the bat, played gilt-edged ball. The work of the infield left little to be desired. The Dallas team is practicing hard for the game with Willamette, to be played here tomorrow afternoon. This contest promises to be the best of the season, as the Salem boys have not met defeat so far this year.

The score of Saturday's game follows.

WILL ROLL NO MORE

Crefield, the Self-Styled "Joshua" Shot Dead by a Victim's Brother.

Franz Edmund Crefield, self-styled "Joshua," leader of the Holy Rollers, was shot and instantly killed in Seattle at 7:10 o'clock Monday morning by George Mitchell, of Portland. Mitchell made no attempt to escape after the shooting, but stood beside the body of his prostrate victim until placed under arrest. He told the police that he shot Crefield because he had ruined his two sisters, Mrs. Burgess Starr and Miss Ethel Mitchell. The shooting of Crefield was witnessed by his wife and a few other pedestrians. It took place outside the Quick drugstore in the heart of the retail district. Mitchell had been in Seattle since Wednesday looking for Crefield.

Mitchell was walking up First avenue when he saw Crefield coming down First avenue with his wife on his arm. Mitchell stepped in close to the drug store and as Crefield and his wife went by he drew a .38-caliber revolver, sending a ball through Crefield's head. The bullet came out above the right eye. Crefield fell to the sidewalk and was carried into the drug store and Dr. Bories was summoned.

Crefield's wife threw herself down by his side and wound her arms around his neck, kissing his lips and hysterically exclaiming at the same time:

"He cannot die, he cannot die; he did no harm to George Mitchell." Dr. Bories lifted her to her feet saying, "But he is dead, madam."

The woman was taken to police headquarters with her husband's slayer and held as a witness. Mitchell is 23 years old and gave his occupation as a laborer. At police headquarters he said:

"I killed him; I have been looking for Crefield, and I got him. I have no regrets. I am willing to take any punishment that is meted out to me without a whimper. I did not kill a man, I killed a brute. He obtained a devilish influence over my two sisters and ruined them and I did only what any true brother would do."

"The police agree with Mitchell and gave him the best quarters in the jail making his imprisonment as comfortable as possible.—Portland Journal
